

Freud "Thin Kerf" Carbide Tipped Blades

Freud's "Thin Kerf" carbide tipped blades combine all the top features of their Industrial blades to give you a superior finished cut at an extremely affordable price. All these blades feature Freud's exclusive anti-kickback shoulder design for greater safety. The

thin kerf requires less cutting power both from you and the saw. Order number, blade diameter, bore and number of teeth are listed.

Trim Saw Blade

#TK001 4-3/8" 20mm/3/8"36 T **\$ 26.65**

Decking/Framing Blade

#TK103 7-1/4" 5/8"-Dmd 16 T **\$ 15.95**

Framing Blades

#TK203 7-1/4" 5/8"-Dmd 24 T **\$ 22.15**
 #TK204 8" 5/8"-Dmd 24 T **\$ 22.85**
 #TK206 10" 5/8" 24 T **\$ 28.55**

Finishing Blades

#TK303 7-1/4" 5/8"-Dmd 40 T **\$ 27.55**
 #TK304 8" 5/8"-Dmd 40 T **\$ 28.30**
 #TK306 10" 5/8" 40 T **\$ 34.25**

Fine Cutoff Blades

#TK406 10" 5/8" 60 T **\$ 41.60**
 #TK806 10" 5/8" 80 T **\$ 55.70**
 #TK407 12" 1" 72 T **\$ 59.20**

General Purpose Combination Blades

#TK903 7-1/4" 5/8"-Dmd 30 T **\$ 23.95**
 #TK904 8" 5/8"-Dmd 35 T **\$ 26.10**
 #TK905 9" 5/8" 40 T **\$ 33.75**
 #TK906 10" 5/8" 50 T **\$ 38.70**

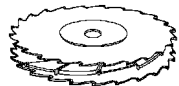

Compound Mitre Saw Blade

#TK604 8-1/2" 5/8" 60 T **\$ 44.55**
 #TK606 10" 5/8" 60 T **\$ 49.25**

Blade Stabilizers

#SC-001 2 each 3-1/2" x 5/8" **\$ 16.85**

Dado Blade Sets

We offer a selection of dado blades to suit your pocket book. Generally speaking, the more you pay, the better quality you get.

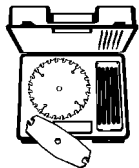

Fine Dado Sets - For commercial quality dado cuts in solid woods and wood grain materials. Stackable to 13/16" wide.

Order #	Dia.	Bore	Teeth	OUR PRICE
#1710	6"	5/8"	16	\$ 129.95
#1740	8"	5/8"	22	\$ 143.35
#1750	8"	1"	22	\$ 143.35

Super Fine Dado Sets - Provides absolutely smooth and perfect square bottom dado cuts in all woods and chip prone materials. Stackable to 13/16" wide.

Order #	Dia.	Bore	Teeth	OUR PRICE
#1755	8"	5/8"	42	\$ 256.75

Freud Safety Dado Sets

The secret is the shoulder. It is in front of every tooth and it limits the tooth's bite. There is almost no climbing, and kick back. This dado also cuts a smooth square bottom and tear-out is virtually non-existent. Includes 4 - 1/8" chippers and 1-1/16" chipper. Storage case comes standard.

Order #	Dia.	Bore	Teeth	OUR PRICE
#SD306	6"	5/8"	24	\$ 138.50
#SD308	8"	5/8"	24	\$ 147.75

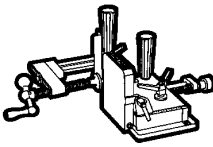

Right Angle Jig

This amazingly affordable jig is constructed using top quality aluminum castings and plates which are machined to exacting tolerances. It has the perfect weight-use ratio to dampen vibration, yet is still light enough to easily slide the workpiece through the machining process. Cut tenons, dados, rail ends, and finger joints safely and with complete accuracy.

#W1500 **\$169.95**
 Shown with optional 6" Vise Clamps - #W1301 \$12.95ea

Delta Tenoning Attachment

Delta has taken the standard tenoning jig and made it better! More adjustments, better holding power and cast iron construction provides stability. Great for cutting tenons on large projects!

#34-183 **\$ 106.95**

Clamping Miter Gauge

Our Clamping Miter Gauge is safer than standard miter gauges. It has a comfortable D-handle grip, built-in sliding stop, and positive trigger clamping action. It fits standard miter gauge slots, 3/8" x 3/4", with positive angle stops at 90° and 45° both left and right side. Bar extends to 12"

#W1323 **\$ 39.95**

Incra Miter Gauge

Incra's famous incremental accuracy is now available on their new miter gauge. Whether it's your basic 90 degree cut-off, simple picture frames, complex compound miters, or a 20-sided object, the Miter Gauge by

Incra delivers perfect, repeatable accuracy without trial and error setups first time, every time, at every angle. Features include a 27" fence, positive angle stops every half degree, zero sideplay anti-friction sliding miter bar, and "Shop Stop" incremental stop positioner.

#MITER2000/27 **\$184.95**

Jointer' Clamp

Here is a simple, inexpensive solution for precisely putting a straight edge on any warped or crooked stock, all in one pass on your table saw without using a jointer. Will also do shallow taper cuts with superior control of the stock

#121000 **\$15.95**

10" Sanding Disc

Square-up stock, smooth and square miter or end cuts...and do it all right on your table or radial-arm saw. For small, angled pieces, and end grain, it's a quick finish. With our hardened, tempered-steel discs, your

10" table saw or radial arm saw can work like a high performance disc sander, with a big table for easy workpiece feeding. Use your miter gauge for perfect control. Arbor hole is 5/8" to fit most 10" saws. Sanding discs are tough, aluminum oxide for fast, clean sanding.

#56-895 **\$18.95**
 #56-897
 60 Grit, Self-stick, Replacement Discs (2pk) **\$ 3.99**
 #56-899
 100 Grit, Self-stick Replacement Discs(2pk) **\$ 3.99**

General International 6" Jointer

#80-100L-M1
\$ 549.00

The biggest 6" jointer on the market. Features an extra-long 55-1/4" precision ground bed, rabbeting ledge, 3 knife cutter-head, and a center mounted precision ground fence. 3/4HP, 1 Phase 115V motor is housed in an enclosed steel base with 4" dust outlet.

Magnetic Jointer Knife Setting Jigs

This knife setting system allows you to get jointer knives in perfect alignment every time. It also allows you to shift nicked knives to get a perfect cut to an accuracy of ± .001". For 4" to 8" jointers with HSS knives.

#W1211 Steel Body Jig **\$49.95**
 #W1210 Polycarbonate Body Jig **\$29.95**

Push Blocks

Our push blocks are constructed of high-impact molded plastic with natural rubber friction pads that grip the workpiece firmly. Woodworkers can work with confidence knowing that these blocks are between their fingers and the cutting tool. Bright, safety-orange color makes them easy to find and reminds woodworkers that safety comes first!

#W1400 Standard Push Block **\$4.95**
 #W1401 Large Push Block **\$7.95**
